

From our family to yours...

Custom Window Coverings To Fit Every Budget

Mark Baraghimian, CEO

Welcome to the Danmer family. I'm often asked why we've been able to thrive since 1976 while 100's of other home improvement companies have come and gone in your neighborhood.

In part, it's because we **build and install the finest custom window coverings in the world**. And because of our 40+ years experience, we know that the right window coverings will pay for themselves by lowering your energy costs by as much as 35%.

But the real answer is in our company motto handed down to us by our founder, Dave Neiman:
"Treat every customer like they are our friends and family."

We can do this because we own the factory, we train our own designers and we certify our own installers. [Contractor lic. #1013172]. You'll ALWAYS get the best advice and counsel about home window coverings. No matter where you end up buying your window coverings, you should know all your options so that you can make an intelligent decision. Our entire staff is trained to provide you with access to these options.

I invite you to discover The Danmer Difference for yourself. **Call us 7 days a week at 888-326-6378 for a FREE In-Home Design Consultation, FREE Delivery and FREE Installation.**

Or go to our website at www.DANMER.com to see room galleries, Shutters in Action and even download a checklist called 'The 8 Questions That Other Shutter Companies Don't Want You To Ask'.

All The Best,

Mark Baraghimian, CEO
